Examiner: Sigfried Chencinski

Filed: January 16, 2002

For: An system for integrating enterprise performance management

LETTER

Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Sir or Madam:

The letter dated June 1, 2008 that was submitted for the above referenced application disclosed a number of Office Actions under the provisions of MPEP §2001.06(b) for applications that are and/or were co-pending. In some cases there were IDS forms attached to the disclosed Office Actions. The failure to remove the IDS forms from the disclosed Office Actions was a clerical error and it was not our intent to use the Office Action disclosure letter to disclose references. Most of the references had been disclosed some time ago. More recently, references that appeared to be relevant and that did not appear to duplicate one or more prior disclosures were disclosed using IDS forms prepared and submitted by Asset Reliance. The Assignee apologizes for any inconvenience this may have caused.

Dated: June 12, 2008

Respectfully submitted,
Asset Trust, Inc.

/B.J. Bennett/

B.J. Bennett, President
